Prangers to Siberia

August 9, 2021

Dear Pastor and Friends,

It is our privilege to follow God's calling on our lives to reach Russia with the Gospel. What a wonderful Savior we serve! Although we have not been stateside very long, we are eager to get back to Russia to continue doing the work that God has called us to do.

Since the beginning of May, we have been traveling almost non-stop, reporting back to our supporting churches. We have traveled to Texas, Florida, Indiana, Illinois, Ohio, Oklahoma, Missouri, Kansas, Pennsylvania, Tennessee, Alabama, and Michigan. We have reported back to nearly twenty churches. The Lord truly blessed those meetings and we were able to challenge many for the cause of missions. In between those meetings we were able to take some time for our family. We were able to reconnect with some of our extended family that we have not been able to see in many years. At the beginning of August, after traveling over 15,000 miles, we were finally able to return back to Cleveland. Praise the Lord for a missions house to come home to while we are stateside!

In July, we were able to purchase our return tickets to go back to Russia. Lord willing, we will be departing for Russia on September 22. When we return to Russia, we will initially fly to Krasnoyarsk, the city we had previously lived in, for 10 days. There we will visit with some missionary friends and rest before our return home on October 4th. We are very eager to return home and continue serving the Lord.

In our absence, the group of believers in Magadan have continued to meet regularly on Sunday afternoons. Each week someone volunteers to hold the Bible study in their home. It has been encouraging to see the church family step up in our absence. Several new people have begun attending the Bible study. We are so excited to see God blessing there and we can't wait to get back.

In conclusion, we praise the Lord for the time we have had back in America. It has been a refreshing time for us. We have enjoyed the fellowship among the believers most of all. What a joy it is to visit our supporting churches and be encouraged. Our prayer is that we too have been a blessing to them as they have been to us.

Prayer Requests:

- Safety and good health as we continue to travel
- For God's hand to continue to be upon the ministry in Magadan.
- Pray that no new COVID related restrictions would hinder us from returning to Russia on September 22.

Thank you so much for partnering with our family both financially and praying for us as we reach Magadan with the Gospel.

Your Missionaries,
James and Amber Pranger
